# Important Information about ISAs

An ISA (Individual Savings Account) is simply a way of investing your money tax free. There are different types of ISAs: Cash ISAs (which include Help to Buy ISAs), Stocks and Shares ISAs, Innovative Finance ISAs, Lifetime ISAs and Junior ISAs. Nottingham Building Society only offer Cash ISAs including Junior ISA and Lifetime ISA.

## Variable Rate Cash ISA Special Conditions

### 1 Opening and managing your account.

1.1 ISA investments will be, and must remain in, the beneficial ownership of the account holder and must not be used as security for a loan.

1.2 We'll operate the account in accordance with government legislation and HMRC regulations and guidance.

1.3 If you breach the ISA Regulations or become bankrupt, we may have to void your account. If this happens, we'll notify you. You may then have to pay tax on the interest earned. Where you've made payments which breach ISA regulations, we'll attempt to return payments to you. Where, after making reasonable efforts, we've not been able to return those funds, we may open a new easy access non-ISA account with a variable rate of interest to place those funds into.

1.4 If we delegate any of its functions or responsibilities under the terms agreed with you, we will ensure that the appointed person is competent to carry these out.

### 2 Non-payment accounts

2.1 This account is not a payment account for the purposes of the Payment Services Regulations 2017. It is a savings account and must not be used for multiple monthly transactions like current accounts.

We will pay your ISA free of UK income tax. The tax treatment of ISAs may also change. AER stands for Annual Equivalent Rate. It shows what the interest rate would be if the interest was re-invested in the account each year.

#### Protecting your money

The Financial Services Compensation Scheme (FSCS) is there to protect your money if your financial services provider goes out of business; you'll normally get your money back within seven days. All of our savings accounts are FSCS protected up to £120,000 per depositor. FSCS is funded by the financial services industry and is free to consumers.
