Important Information about ISAs

An ISA (Individual Savings Account) is simply a way of investing your money tax free. There are different types of ISAs: Cash ISAs (which include Help to Buy ISAs), Stocks and Shares ISAs, Innovative Finance ISAs, Lifetime ISAs and Junior ISAs. Nottingham Building Society only offer Cash ISAs including Junior ISA and Lifetime ISA.

Operation in accordance with ISA Regulations

The operation of the account is subject to the ISA Regulations. The Society will notify you if the ISA has or will become void because of any failure to satisfy the ISA Regulations.

If the Society delegates any of its functions or responsibilities under the terms agreed with you, the Society will ensure that the appointed person is competent to carry these out.

Part 2 - Variable Rate Flexible Cash ISA terms and conditions

1 Opening and managing your account.

1.1 ISA investments will be, and must remain in, the beneficial ownership of the account holder and must not be used as security for a loan.

1.2 We'll operate the account in accordance with government legislation and HMRC regulations and guidance.

1.3 We'll satisfy ourselves that anyone we delegate our functions and responsibilities to under the terms agreed is competent to carry them out.

1.4 We must receive your completed application including declaration before the account is withdrawn from sale. If we don't receive this your application will be cancelled.

1.5 The account opening date is the date that we receive your first payment. You won't be able to make a payment in until we've received your completed application, including declaration. (You will have at least 14 calendar days from account opening to make any deposits)

1.6 If we don't receive your first payment in or a request for an ISA transfer in before the date the account becomes closed to payments in, the application will be cancelled, and your account won't be opened.

1.7 If you breach the ISA Regulations or become bankrupt, we may have to void your account. If this happens, we'll notify you. You may then have to pay tax on the interest earned. Where you've made payments which breach ISA regulations, we'll attempt to return payments to you. Where, after making reasonable efforts, we've not been able to return those funds, we may open a new easy access non-ISA account with a variable rate of interest to place those funds into.

1.8 If we delegate any of its functions or responsibilities under the terms agreed with you, we will ensure that the appointed person is competent to carry these out.

2 How do flexible ISA withdrawals work?

2.1 This is a flexible Cash ISA, which means you can withdraw money and pay it back in without affecting your ISA allowance, as long as it's done in the same tax year. Some important points to note about flexible ISAs are:

- flexibility applies to both current and previous years' ISA subscriptions, but these are treated differently

- if you withdraw your current year's allowance, you can transfer to a flexible ISA with another ISA provider and replace the funds with them

- if you transfer your full ISA balance to another ISA provider, you will lose your tax-free benefits for any previous years' ISA allowances that you have withdrawn and not paid back in before the account closes.

2.2 Any flexible ISA withdrawals requested will be taken from the current year's ISA funds (if any) first, followed by previous years' ISA funds. When you pay back in (Flexible ISA Replacement Subscriptions), previous years' funds will be replaced first, followed by the current year's funds. Where you have replaced both Previous Tax Year Subscriptions and Current Tax Year Subscriptions, any further money which you deposit will count towards your annual ISA subscription limit.

2.3 If you close your account, you will not be able to make any further Flexible ISA Replacement Subscriptions.

3 Non-payment accounts

3.1 This account is not a payment account for the purposes of the Payment Services Regulations 2017. It is a savings account and must not be used for multiple monthly transactions like current accounts.

We will pay your ISA free of UK income tax. The tax treatment of ISAs may change. AER stands for Annual Equivalent Rate. It shows what the interest rate would be if the interest was re-invested in the account each year.

Protecting Your Money

The Financial Services Compensation Scheme (FSCS) is there to protect your money if your financial services provider goes out of business; you'll normally get your money back within seven days. All of our savings accounts are FSCS protected up to £120,000 per depositor. FSCS is funded by the financial services industry, and is free to consumers. To find out more, ask at your local branch or go to www.FSCS.org.uk
