THE NOTTINGHAM'S NORTH HYKEHAM TEAM ORGANISE SPOOKY SCAVENGER HUNT

The Nottingham's North Hykeham team have arranged a half-term Halloween themed scavenger hunt to celebrate their new-look branch in the town.

They've worked 'scarily' hard to get the community engagement event in place having reopened their transformed premises in The Forum recently following a refurbishment programme.

From 18 to 31 October a letter of the alphabet will be showcased by 14 organisations and businesses in The Forum. Once all are found - some will be in the window and others inside the outlet - the letters will spell out something related to this time of year!

Entry forms are available now from The Nottingham's branch. Once filled in fully they are to be returned for a chance of winning a family pizza meal kindly donated by Papa Frank's. All who complete and return a form will receive a few sweet halloween treats.

Customer Services Consultant Rebecca McNally said: "To celebrate our modern looking refurbished branch we wanted to arrange something for young people to take part in over half-term.

"The scavenger hunt may have a scary theme, but it promises to be lots of fun and we hope as many young people and their families as possible are able to enjoy it.

"A huge thank-you goes out to all of the organisations and local businesses who have agreed to take part, especially Papa Frank's for providing such a tasty prize."

The Nottingham's North Hykeham branch now has a fresh new look and feel - including a designated, furnished space for community use - and a range of products and services the public expects from a modern-day building society.

That includes savings accounts, mortgage advice via partners Mortgage Advice Bureau and estate agency services provided by Belvoir. There is also a wide choice of additional offerings via expert partners including funeral planning, financial advice and home insurance.

The branch is a Covid-19 secure and compliant environment that includes integrated protective screens, hand sanitising facilities, guidance on distancing, electronic door locks that can be utilised to control customer flow (if required).
